SUMMARY

Motivated Computer Engineering graduate specializing in the MERN stack, with hands-on experience in building responsive UIs and RESTful APIs using React, Node.js, Express, and MongoDB. Eager to contribute to high-impact web projects and grow through continuous learning. [click here](#).

INTERNSHIP

AICTE - EduSkills

July – September 2024

Completed a virtual internship in AI-ML at AICTE - EduSkills. Gained hands-on experience in supervised and unsupervised learning, data preprocessing, and model building using Python. Worked on real-world datasets and implemented ML algorithms like regression, classification, and clustering. Strengthened understanding of AI concepts and their practical applications.

Octanet

1 Feb 2024 – 1 Mar 2024

Completed a dynamic internship at Octanet, focusing on web development. Worked on designing and implementing responsive web applications, improving user interface and experience. Collaborated with a team to develop new features, debug issues, and optimize performance. Gained hands-on experience with technologies such as HTML, CSS, JavaScript.

PROJECTS

GreenGrid : EV and CNG Station Management System

Develop a web-based system to locate, book, and manage EV/CNG stations with real-time slot availability. Integrated Google Maps, admin analytics, and secure user authentication.

Gym Website:

Developed a responsive website for FitnessPro Gym featuring membership plans, trainer profiles, and online class booking. Integrated an interactive timetable and booking system using HTML, CSS, and JavaScript.

EDUCATION

2021 - 2025 Bachelor's Degree at **MET's Institute of Engineering**

(GPA: 7.6/10)

2021 Class 12th **K. K. Wagh, Pimpalgaon(B)**

72.17 %

2019 Class 10th **Atma Malik Gurukul, Kokamthan**

87.60 %

CERTIFICATE

- Google Cybersecurity
- Data Analytics and Visualization
- AI-ML EduSkill Google

SKILLS

Languages: Python, Java, CPP, HTML/CSS, JavaScript, SQL.

Developer Tools: VS Code, Eclipse, Google Cloud Platform, Android Studio.

Soft Skills: Communication and Presentation, Teamwork, Time Management, Adaptability.
